## **Eyemaginations Partners With EyeCarePro.net**

Baltimore, MD – Eyemaginations announces its partnership with EyeCarePro.net to offer its website enhancement product, 3D-Eye Online, to EyeCarePro customers. Recently added to the American Optometric Association's list of preferred providers, EyeCarePro.net provides a solution for optometric practices in establishing an aesthetically pleasing and functional website in very little time (30 minutes or less) by use of its ECPRO Website Builder product.

Practitioners can choose their design, include more than 100 pages of pre-existing written content, can take advantage of a wide selection of patient communication tools and now can link to its newest technology partner, Eyemaginations, the leader in patient education and marketing software for eye care practices.

Daniel Rostenne, Managing Director of EyeCarePro, stated, "We're very excited to be able to offer our clients the added benefit of what 3D-Eye Online offers. Covering a broad range of topics, the compelling visuals and narratives in the program truly enhance a practice's website." Eyemaginations' Tony Ingenito, National Sales Manager, adds, "We feel that this partnership provides an optometric practice with all the tools they need to get a highly functional, visually pleasing website up quickly and by incorporating the 3D-Eye Office presentations, it adds that much more impact to the practice's website. Today it is more important than ever for an eye care practice to have a website that will not only attract new customers but provides educational material for existing patients to see, hear and learn from."

For more information on EyeCarePro's Website Builder, please contact 866.886.4442 or visit [www.eyecarepro.net](http://www.eyecarepro.net). Further information on 3D-Eye Online can be found at [www.eyemaginations.com](http://www.eyemaginations.com) or by calling 877.321.5481.
